

Development of a digital health solution to support use of patient reported outcome measures (PROMs) in general practice: a focus on type 2 diabetes

Thursday, 7 October

3-4pm (AEST) | Zoom Webinar

[Register Here](#)

Dr Rita McMorro will discuss findings from her PhD which involves the development and implementation of a digital health solution to support use of patient reported outcome measures (PROMs) related to diabetes distress assessment and management in people with type 2 diabetes in general practice. Rita will also suggest strategies for engaging with general practice.
